

Ø5 THRU
∨ Ø12,5 X 90°

This diagram shows a 3D perspective view of the threshold profile. It is a long, narrow, extruded metal piece with a textured surface. A hole is drilled through the center of the profile. The hole has a diameter of 5 units (Ø5 THRU) and a chamfered edge with a diameter of 12.5 units and a 90-degree angle (∨ Ø12,5 X 90°).
